

## USB Type A to SeaLATCH USB Type B Device Cable, 72” Length

**Part:** CA356 | **Model:** SeaLATCH Locking USB Device Cable

The CA356 is a USB device cable with Sealevel’s SeaLATCH locking USB type B connector and standard USB type A connector. The metal thumbscrew on the type B connector provides a secure metal-to-metal connection to devices with SeaLATCH USB ports.

This 72-inch cable is included with all Sealevel USB products with an integrated SeaLATCH USB type B port. SeaLATCH USB cables are fully interchangeable with standard USB cables!
